

Session 1

2024/04/09 14:30-17:45

Introduction to research recognition.  
Diagnostic self-assessment

Who gives more?  
ANECA /UNIBASQ

Scientific parameter,  
or is there really one?

Thanks to Einstein's theory  
and the commentary by Ortega y Gasset,  
we are introduced to the problem of  
scientific objectivity.

Session 2

2024/04/23 14:30-17:45

The researcher:  
ORCID - APA - Intellectual property registration  
Peer-review system

Systematization of what is a-systematic.  
Quantification of what is qualitative.  
Standardization of what is singular.

The hermeneutic aporia

We transcend our foundations  
to acquire deep foundations

Session 3

2024/05/14 14:30-17:45

Journals, entities and institutions:  
ISSN - e-ISSN - ISBN - DOI - Indexation  
Academia.edu - researchgate  
Databases indexing journals:  
Scopus - Wos - Google Scholar- Avery index  
Journal evaluation reports:  
Journal Citation Report (JCR) - Scimago Journal Rank (SJR) -  
MIAR (ICDS = 9,5) - Latindex catalogue - CIRC (Integrated  
Ranking of Scientific Journals).

The perversion of networks,  
also in research?  
Research,  
a new power of powers?

Future research strategy in Higher Art Education, some  
principles for developing a research project and research  
groups.

Quality versus Quantity!  
Deep inner being versus external being!  
Consistency versus imminent results!  
Deep thought versus light shallowness!  
Humanist thought versus positivist science!  
Wise content versus the most common  
stereotypical opinion!  
Creativity versus systematic procedures!  
People versus papers!  
Pensamiento castizo versus  
overwhelming English research!  
Horregatik, lkerkuntza ere euskaraz!
